**Researchers Slide Show - Introduce Yourself on Five Campuses**

All FOAE researchers are invited to contribute a PowerPoint slide that introduces them and their research interests. The slides will play on a continuous loop at each of five research office roadshow days in August (see below). Many of you will remember the great slide show from the Forum last year click here to refresh your memory.

**Your contribution:** All researchers have the opportunity to (re)submit a slide which will introduce themselves and their research interests. This is a great way for researchers to introduce themselves to researchers in other schools and on other campuses.

The layout of the slide is open to each researcher – although ideally it will include a personal photo and include details of your research, BUT most importantly, reflect YOU.

Please send your slide to the Faculty Research Liaison Officer – Lisa McLean by the 11th of August.

**Save the Date! Research Roadshow**

Just like *Carnivale* but with less caravans.

The Research Office Projects, HDR and Liaison teams will soon be coming to a campus near you. The aim is to share information, build relationships and get to know your colleagues across other faculties.

Not quite Star Wars, but almost – a skyscraper suspended from an asteroid. Really? Designed by the same folks who brought us ice homes on Mars.
